## REFUSE BAIL TO DAVIS'

To be Held in County Jail Charged With First Degree Murder.

Examining trial for Vester Davis was held at the court house Monday before Judge Ellis J. Stahr. Davis, with his father, Land Davis, was charged with the murder of Fred Evans, which occurred Wednesday afternoon, February 23. Vester made his escape immediately after the killing and was not caught until week before last, when he was apprehended by St. Louis officials in East

VESTER DAVIS

St. Louis. He was brought here and his examining trial held Monday.

The circuit court room in which the case was heard was crowded with spectators throughout the trial, and a large number of witnesses were called to the stand. The testimony differed but little from that offered at the trial of Land Davis, about two weeks previous.

Vester Davis testified that he fired the shot which sent the bullet into the side of Fred Evans, but testified that the wound in Evans' head was not caused by a shot from the gun in the hands of Land Davis. He said that the wound was a result of a blow which he himself dealt Evans with the back of the barrel of his pistol, which was a .35 caliber Colt special. Previous testimony had seemed to indicate that the head wound had been caused by a shot from the snail gun—about a .25 caliber—which Land Davis had had, and for the possession of which, it seemed from testimony presented, a struggle was taking place.

County Attorney D. E. McNell, assisted by Attorney H. T. Smith, of Fulton, handled the case for the commonwealth, while the defendant was represented by Attorneys F. S. Moore and C. P. Mahery.

After brilliant arguments on both sides, Judge Stahr sentenced the defendant to jail without bail to await the action of the May term of circuit court, making the same disposition of Land Davis, whose case he had previously suspended judgment on, and a charge of willful murder was placed against both Land and Vester Davis.

## BONDURANT MAN NEARLY MOBBED

Citizens Enraged at Alleged Brutality Toward 2-Year-Old Child.

At nine o'clock Sunday night County Attorney D. E. McNell received a telephone call from George Slaughter of Bondurant, informing him that a mob was being formed with the intention of punishing in a way of their own, for alleged brutality to a two-year-old child. The child, Jessie, had been left by her mother, Mrs. Della Barrett, a widow, with her sister, the wife of Seay, while Mrs. Barrett was seeking work in Hickman, where she has made her home.

It is alleged that Seay became enraged at the child's crying and being unable to stop it, secured a stick with which he beat the baby until it was a mass of bruises and cuts. Citizens of Bondurant, on learning of the act of inhumanity, were gathering to visit punishment on the offender, when information was received here by county officials. Sheriff Swayne Walker and Deputy Joe Wall left immediately and arrived in Bondurant at about ten o'clock. They secured Seay and spirited him from town before the crowd which was gathering found out what was being done. He was brought here and lodged in the county jail.

Monday he waived examining trial and was bound over to the grand jury, with bond placed at \$500 and a charge of unmercifully and wilfully beating and bruising a child under sixteen years of age was placed against him. This offense is classed as a high misdemeanor and is punishable by a fine of not over \$500 or 12 months in jail or both.

Percy Jones returned the latter part of last week after a business trip of several days duration to points near here.

Mrs. Jno. Pyle and little daughter, Rose Amelia, spent the week-end visiting friends in Union City.

D. C. Megibben, of Cynthia, was a visitor here during the past week.

## HICKMAN TO HAVE FAST BALL CLUB

Plan to Open the Season Here About Middle of April.

After six months' deliberation, the baseball bug has sallied forth here and has driven from the minds of the frenzied Hickman fans our previous relations with Panama, the settlement of the differences as regards the Island of Yap, and all other questions which have been wont to trouble us lately. And the said miracle has been putting in some extra hard blows during the last week, for from reliable authority we learn that our fair city will be represented on the local and neighboring diamonds by a fast aggregation of ball players.

We are informed by Col. C. L. Walker, who is heading the movement, that for the past week in two correspondence has been had with a large number of well known "knights of the horsehide" relative to signing up with Hickman, and prospects are growing brighter every day for a winning team here. Several players who are well known to the fans of this section have signified their desire to try out for a place on the Hickman team. Warren, Applegate, Closs, and others whose reputation here for baseball ability is as well known as is that of the above mentioned trio will probably be disputing themselves before the populace of this city in Hickman uniforms.

Plans now are to have a team consisting of thirteen men to be selected from the number who try out for a place on the team. A training season of about two weeks, including several exhibition games, will be had before the season opens.

Local business men will be asked to subscribe a fund to be used to defray the expenses necessary to the formation of the club, over those which will be paid by the gate receipts.

## BRICE ANNOUNCES FOR MAGISTRATE

Would Represent the Voters of District No. 4 in Fiscal Court.

Leslie Brice authorizes The Courier to place his name in our announcement column this week as a candidate for the office of Magistrate of District No. 4. His candidacy is subject to the action of the Democratic primary, August 6, 1921.

Mr. Brice is a well known farmer living one and a half miles from the little town of Miller and nine miles from Hickman. He was born and reared in the district which he seeks to represent and naturally is known to every citizen of the district. He is a young man—being only twenty-eight years of age—and is a nephew of Editor Jas. Brice of the Union City News-Banner.

According to Mr. Brice he has been a life-long Democrat, always supporting the nominees of the party, and as this is his first request for any favors at the hands of the voters of his district, he feels that his claims should receive great consideration.

He tells us that he is experienced in an important part of the magistrates' duties, that of road and bridge work, having been connected with the building of the road from Ledford to Bondurant.

Realizing that the office of Magistrate is one of the most important in the county, but feeling that he possesses the necessary qualifications to fill that office, he asks that the voters of District No. 4 seriously consider his claims to the position.

Of course, before the primary election he will try to see every voter of the district personally to present his claims, but until he does so he asks that each voter reserve the pledging of his or her vote until he may see them.

## DRILLING STOPPED AT BARDWELL

Well to be Tested for Water and Sold to the City.

After several months of earnest effort to sink a well of from 1500 to 2000 feet deep, the directors of the Buck Bottom Oil Co. were forced to abandon the first project and they are now looking forward to the time when they will be prepared to undertake another well.

It was found to be impossible to drive the casing further down or to pull it out, hence a charge of dynamite was exploded about 275 feet from the surface, bursting the pipe and letting the water in and as soon as the well can be tested it will be sold to the city of Bardwell.

In the meantime preliminary efforts are being made to secure more funds to drill another well.

Mrs. Gus Tubbs and little daughter, and Mr. Rending, of Memphis, John Winter, of Marianna, Ark., and John Cox, of Union City, attended the funeral of Mrs. Naamie Smith Winter, here last week.

Mrs. Fannie McCann and Miss Sarah Melan, of Dresden, spent the past week end with their uncle, J. W. Rogers and family.

Mr. and Mrs. M. M. Tallosa, and daughter, Miss Helen Tallosa, spent several days of the past week in Union City.

Mrs. A. S. P. is the wife of Mr. A. S. P. and is the mother of Mr. A. S. P. and is the mother of Mr. A. S. P.

## THE COUNTY AGENT'S COLUMN

### County Agent's Program of Work

I am submitting this program of work to you for your consideration. It is a plan of work for the coming year, and I hope you will find it of interest and value.

1. To visit all the farms in the county and see the conditions of the farms and the people who live on them.

2. To visit all the schools in the county and see the conditions of the schools and the children who attend them.

3. To visit all the churches in the county and see the conditions of the churches and the people who attend them.

4. To visit all the public houses in the county and see the conditions of the public houses and the people who live in them.

5. To visit all the public buildings in the county and see the conditions of the public buildings and the people who live in them.

6. To visit all the public lands in the county and see the conditions of the public lands and the people who live on them.

The minor projects will not receive so much attention because they are minor projects. They are: 1. Dairying; 2. Soils and Crops; 3. Lime and Fertilizers; 4. Poultry and Livestock.

What has been said is until you have seen the conditions of the farms and the people who live on them.

Back to Beans and Corn for Hogs.

It is a mistake to think of hogs as a minor project. They are a major project. They are the backbone of the farm and the source of the farmer's income.

# ALMONT

### Description and Pedigree

This fine stallion, Almont, is 11 years old, 16 hands and 1 inch high, is a rich blood bay of fine conformation and a natural saddle horse. He was sired by Bedford, he by Duplex, of Murfreesboro, Tenn.

He will make the present season at my stable on the S. L. Dodds East Farm, east of Hickman. Terms to insure living foal \$15.00

### BLACK PRINCE

Black Prince was sired by Satin, he by Jordan's Hancock. First dam by Lookout, 2d dam by Imported Paragon. He is coal black with white points and a fine breeder. Terms to insure a living foal \$15.00

### JOHN BRASSFIELD

This is a very fine 5-year-old jack. Coal black with white points. A very fine breeder. Terms to insure living foal \$15.00

### REUBEN

Reuben is a fine jack, which will also make the season at my stables. Terms to insure living foal \$10.00

All the above stock will make the season on same conditions as Almont. Care taken to prevent accidents, but will not be responsible should any occur. This is the same stock owned by B. T. Banton of Obion county, Tenn., and needs no introduction to breeders of this section. Any one desiring to settle for 1920 season can settle with Vernon Jones, who will have charge of stock this season.

T. A. PRATHER, JR.

will be ready for the hogs by July 15th or August 1st and this will enable you to get your hogs on the market by Sept. 15th. This is earlier than the corn belt farmers can get their hogs to market and consequently is a better market.

There is no better practice than planting soy beans in corn and harvesting them out. With this sort of practice the corn will continually gain in fertility even though you cultivate it each year. Don't forget the early soy beans sown for seed in rows 30 inches apart, is going to be a good money crop this year. You will do well to diversify and plant some this year.

### Poultry Diseases.

White Diarrhea. This is the earliest disease to attack chicks. The first four days of the baby chicks life is more susceptible to this disease. It is caused by a germ which often gets into the eggs before hatching due usually to careless handling of the eggs. It is characterized by profuse diarrhea, usually white in color although it may be brown or bloody or even bloody.

Prevention. There is no practical remedy after the chick gets it. The prevention is in using good vigorous eggs and until they are set they should be kept in a cool dry place where the air can freely pass about them. Contagious Catarrh or Croup is a common disease of chicks characterized by secretions from the nostrils and later from the eyes. The eyes are swollen and held closed most of the time. It spreads rapidly through the flock. The sick chicks should be immediately separated from the flock. The treatment is not practical except in the hands of a skilled person. It may largely be prevented by the use of sulphur carbonate of lime in the drinking water.

Gapes. This disease is caused by a red worm about one-half inch long and which ordinarily lives in the soil. The worms on the eggs are picked up by the chick and they attach themselves to the inside of the windpipe and suck the blood from the chick. This may be in such numbers as to actually suffocate the chick. The chicks at this age are hardly worth the effort it requires to treat them. So the proper thing to do is to prevent the disease. The young chicks can be put out on fresh soil where other chickens have not been running with very little danger of the disease. They can be kept on the soil where chickens have been running by treating the soil with crude oil or kerosene. This will kill the worms. Lastly the chicks may be kept on a floor until they are out of danger of this disease. The most important thing to observe in successful poultry husbandry is to keep the houses and grounds sanitary. Sulphur-Carbonate of lime should be kept in the drinking water at all times. They should have only fresh water and at least twice a week the watering utensils should be scalded with hot water. The house should be disinfected with the following mixture sprayed on: 5 quarts cream of lime made by slack-lime the lime and adding enough water to make a heavy milky solution. I plant

of sodium, obtained at any drug store. 1 quart of kerosene-coal oil. This spray will control both lice and mites. D. L. Cunningham, Co. Agent, Farm Bureau Office, Hickman

### To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues. A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 55c.

Just ask your druggist for HAYES' HEALING HONEY.

## EXTRA!

Watch the man with the bundle.

He carries a present for you

On SATURDAY AFTERNOON, MARCH 26

—a man with a bundle that contains a present for you will be walking around the FLOOR of the Live Store Clothing Co.

If you pick him out from the crowd and step up to him, saying, "Are you the man with the bundle?" his answer will be, "Yes; here it is," and you will receive, absolutely without charge to you, a pair of \$12.00 Stacy-Adams Shoes. In case the ones in bundle do not fit, we will give you a pair to fit you.

You must ask him just the words given, "ARE YOU THE MAN WITH THE BUNDLE FOR ME?" If you use any other words he will not answer, (even if he is the man). He will be on the street in the block only in which THE LIVE STORE IS LOCATED. Now, to make it easier for you to pick him out, he will give you the exact time he will be on the floor. It will be between three-thirty and four o'clock. To make it still easier, he will be somewhere around the Shoe Department in the rear part of the LIVE STORE at the time given above.

### FROM COURIER FILES

#### TEN YEARS AGO

The Courier of March 24, 1911, contains a report of the death of a young man named John H. Smith, who was killed in a fall from a building in Hickman. The report states that Smith was a well-known resident of the town and that his death was a great loss to the community.

#### FIVE YEARS AGO

The Courier of March 24, 1916, contains a report of a fire that broke out in a building in Hickman. The fire was caused by a faulty chimney and resulted in the destruction of the building and the loss of many valuable items. The report also mentions that the fire department responded quickly and that the fire was eventually extinguished.

It was said that Major Markham, being disappointed that this section was not doing the part, threatened to alter the old law in this district.

T. A. Ladd sold a lot of cotton in Memphis at a price which was the highest paid for in that city this year.

Managers and columns will treat the local boys to the "opening game of the season" Tuesday afternoon.

**Habitual Constipation Cured**  
in 14 to 21 Days  
"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. • 60c per bottle.

Cold settled in the muscles of the neck, arms or shoulders makes every movement painful. Use Ballard's Snow Liniment. It relieves pain and relaxes the muscles. Three sizes, 20c, 60c and \$1.20. Sold by Hickman Drug Co.

### DON'T RISK NEGLECT

Don't neglect a constant backache, sharp, darting pains or urinary disorders. The danger of dropsy or Bright's disease is too serious to ignore. Use Doan's Kidney Pills as have your friends and neighbors. Ask your neighbor! A Hickman case.

John Provow, barber, 810 Jackson Ave., says: "From overworking and standing on my feet, my kidneys became affected and my back pained with sharp, shooting pains across the small of it. The secretions were irregular in passage and I had to get up a few times at night. The secretions were highly colored and smelling in passage and I was annoyed quite a bit. As I had known of Doan's Kidney Pills for years, I used them and was helped. I can certainly say a word of praise for Doan's."

The above statement was given October 18, 1916 and on December 3, 1920, Mr. Provow said: "I have the same good opinion of Doan's Kidney Pills as when I endorsed them in 1916. I always take Doan's when my kidneys bother me and they relieve me promptly."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Provow had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

**A Woman Wrote The Canby News, Minn., December 10, as follows:**  
"Many subscribers ask what you think of Rat-Snap, tell them it's the best rat exterminator I know. Rats were taking our eggs, cats, corn; had full swing in our cellar. I used Rat-Snap for two days and rats have cleared out completely." Threelizes: 35c, 65c, \$1.25.

## DADDY OF ALL THE AUTOS

Probably First Really Workable Machine in National Museum Now.

A funny-looking rig which is probably the oldest American automobile in existence has just been given a prominent place in the National museum at Washington.

This vehicle was made in 1893 by Charles Duryea. It is literally an old-fashioned passenger carriage with an engine fastened at the back and a long steering rod which worked up and down sideways continuously in the front. To start the engine the driver had to go to the back of the car and crank. He had to get out to shut off the engine when he stopped the car. But in many ways this primitive automobile is closely related to the superior car of today.

Duryea saw that his motor wagon could not turn corners easily on ordinary wagon wheels. He therefore made use of a differential so that the outside wheel could rotate faster than the inside wheel in making a turn—a fundamental principle of every modern car. He had a spray carburetor, not very unlike the modern carburetor; electric lighting, water cooling, and other features which later makers improved but have not reversed.

### MADE NO SORT OF A HIT

Young Man's Christmas Present to Girl Was, to Say the Least, Somewhat Inappropriate.

A certain young man of Frankfort did his Christmas shopping early this year, profiting from last year's experience when, he says, he was prince of the gloves of inappropriate Christmas presents.

Christmas time last year found him in a western army camp. He had thought little of Christmas until various packages for him arrived. Among them was a present from a young woman, who lived in a southern city. With only a few days left and a very limited field for shopping, he began his Christmas buying.

Fortunately, the ladies were offering some pretty wares, and he did some hurried buying. Finally, with a smile of satisfaction and a sigh of relief, he carried his last parcel to the post office.

His satisfaction soon changed to consternation when suddenly he remembered that the young woman had been noted to have a leg amputated and, naturally, was very sensitive concerning her misfortune.

The last gift was a pair of heated moccasins. —Indianapolis News.

### City Now Immune From Storm.

The exposure of the great sea wall at Galveston, which recently saved the city from another of the great storm disasters, will be completed the coming summer, according to the engineers in charge of the work. More than 100,000 feet already have been constructed and 1,200 feet more remain to be built. The cost of \$1,500,000 will be borne by the government. After the terrible storm of 1900, in which hundreds of lives were lost and damage to the extent of millions of dollars was done, the original sea wall was built at a cost of \$2,000,000. The new extension is expected to strengthen greatly the seaport, which is an island with only a sand foundation. After the great storm, in one of the greatest engineering feats on record, the entire city was raised 20 feet above its previous level.

LOOK WHAT'S COMIN' TO 'EM  
She: They say opposites should marry.  
He: That's the objection to being a thin man.

His Argument Too Emphatic.  
His language was so bad that "young ladies passing the house put their fingers in their ears," said a policeman when charging a man in Uxbridge, suburb of London, England, with having used bad language. The man replied that he was only arguing with his wife, while a witness declared that he wasn't arguing but "attellin' 'er."

This Man Hard to Convince.  
Lieut. J. C. Cranston of the United States army was declared "killed" in official reports, but stoutly refused to believe it. His corpse has been examined and brought back from France, but the lieutenant still declines to acknowledge that he is dead, and to identify the body as his.

Many Willing to Marry Him.  
One hundred and eighty applications were received from women offering to marry a Canadian railway man who asked the prison (England) guardians to provide him with a wife. The board has appointed a man and a woman to deal with the letters.

This means that a great state headquarters, April 15th, a million family is to reach a new stage in its life and welfare.

#### RALPH CUNNINGHAM

Dead Monday, 11:00 a.m. March 14, 1921, at his home in Union in this county. Ralph Cunningham, age 35 years.

Mr. Cunningham had been ill for several years with pulmonary troubles and a large right lung was made to produce the left lung a steady stream of blood and the physician and family finally realized that the end was near.

He recognized this fact himself and met the approach of death. One who wraps the drapery of his soul about him and lies down to pleasant dreams.

Ralph Cunningham was the grandson of Dr. R. C. Cunningham, well known in this county and the son of Dr. R. C. Cunningham, Jr., who died a number of years ago in the Mississippi delta state in peaceful old age.

He was married about twelve years ago to Mrs. Jessie Brown and by this union four children were born. He was a very kind and thoughtful and highly intelligent. He was of a social nature and made friends wherever he had acquaintances. During his illness his friends frequently came to see him and ministered to him in every way possible to make his last hours of life comfortable and pleasant. He leaves his wife and four children and his mother, Mrs. Jones and sister, Mrs. A. A. Maxwell of Cairo, Ky., and many friends to mourn his loss.

The funeral services were held in Union, Thursday, Tuesday afternoon, conducted by Rev. Baker, pastor of the Methodist Church at Verona. The interment took place in the cemetery at Verona where many friends assembled and brought flowers to be laid above his last resting place. —Tupelo (Miss.) Journal.

### WOULD TIGHTEN UP VOLSTEAD ACT

Reported Move Causes Scramble on Committee to Frame Bill.

Reports that prohibition leaders in Congress were planning to tighten the Volstead law have opened a regular scramble for amendments on the House Judiciary Committee, which will frame the amended law. If one is to be introduced at the extra session next month.

The committee heretofore has consisted of twenty-one members, thirteen Republicans and eight Democrats. The new lineup, because of the increased Republican majority, will be fifteen Republicans and six Democrats. Regardless of this political division there are seven places to be filled, most of them on the Democratic side. If all should be given to anti-prohibitionists the dry forces still would be in supreme command.

Friends of Chairman Volstead declared that the movement recently started in some quarters to oust him from leadership had about petered out.

### CHARITY BALL THURSDAY NIGHT.

A dance was given last Thursday night at the Woodmen Hall immediately after the close of the home talent play at the court house, the proceeds of which were to go to the Associated Charities fund. Although the devotees of the Terpsichorean art were not present in the abundance which was desired, and the proceeds correspondingly did not produce as large a sum for charity as the promoters wished, those who were present thoroughly enjoyed the evening's entertainment.

Prizes which were offered to the best lady and gentleman dancer were won by Miss Rose Provow and John A. Stubbins, Jr.

## PRICES 38.5 LOWER THAN IN MAY, 1920

Wholesale Figures Show Decline of 38.5 Per Cent in February

Wholesale prices of commodities continued to decline in February with a drop of 38.5 per cent for the month, or a total decline of 38.5 per cent from the high peak of May, 1920, and the monthly decline caused by the increase of labor strikes.

Food declined 7 per cent for the month or 48 per cent from prices a year ago, the bulletin said, building materials 7 per cent for the month or 29 per cent below prices a year ago. Farm products prices 1.4 per cent for the month or 45 per cent for the year. Cloth and clothing prices 4.5 per cent for the month or more than 31 per cent for the year.

Fuel and lighting prices dropped 4.1 per cent from January prices, but still showed an increase of 10.5 per cent over prices a year ago.

Of the 327 commodities included in the comparison, 207 showed a decrease for the month and 23 showed an increase. In 57 cases no change in price was recorded, or those a majority were in the food and clothing groups.

### BILLY SUNDAY TO HOLD REVIVAL IN PADUCAH.

The annual convention of the Protestant Ministers' Association of Paducah that Billy Sunday, the famous evangelist, has agreed to hold a revival meeting in that city in 1922. He had many dates scheduled that it was impossible for him to come sooner. As Sunday has never been in this section of the country before, a large number of visitors will be expected, and the revival will be conducted under a large tent or a special auditorium may be built to accommodate the crowds.

## NEW ROLLER BIT IS NOW INSTALLED

Work Going On Steadily at the Bon-  
durant Test Well.

Work on the test well of Honey, Mit-  
chell & Lauer at Bondurant, suspended  
last week to procure a different kind of  
bit, has been resumed, and the drilling  
is now going forward at a steady pace.  
The bit which was being used—a fish-  
tail bit—was not suitable for drilling  
in the hard cap rock which was struck  
about a week previous; a roller bit, es-  
pecially adapted to that kind of work,  
had to be secured. Drilling was stopped  
for a few days, and the necessary in-  
strument secured in Houston, Texas.  
It arrived the first of the week and  
drilling was resumed Wednesday morn-  
ing.

With the acquisition of this bit, it is  
expected that work will continue stead-  
ily. The depth now reached is a little  
over 2,000 feet.

reported very low with tuberculosis at  
his home in Wrentham Falls, Texas, with  
no hopes for recovery. He has been in  
very poor health for the past two years  
and has been confined to his bed for  
some time. W. S. Barnett, of this city,  
and Jim Barnett, of Cairo, left the lat-  
ter part of last week to attend his bed-  
side.

On Tuesday afternoon from three to  
five, Mrs. A. M. Alexander informally  
entertained at two tables of bridge in  
honor of Mrs. Fred Stokes, of Water  
Valley. A salad course and hot choc-  
olate were served. The guests were

R. Amberg, Karl Talley and Miss Mary  
Hollan.

The wheat crop and the alfalfa crop  
in the lower bottoms are looking splen-  
did. The wheat is growing off nicely  
and there seems to be a good stand  
almost everywhere in the bottom. The  
alfalfa crop is well advanced for this  
season of the year and promises a good  
yield and an early crop.

## SMALL WEDNESDAY MORNING BLAZE

Smoke and Water Damage Two Build-  
ings and Contents.

Fire broke out Wednesday morning  
at about five o'clock in the rear of the  
office of W. A. Dodds at the east end of  
Clinton Street. The fire department  
was called out and soon had the blaze  
well under control. Little damage re-  
sulting from the flames.

The building next to Mr. Dodds' of-  
fice occupied in the lower floor by the  
Peters Supply Company and on the  
second floor by the Elks Lodge, was  
damaged to some extent by the smoke  
and water, although to what extent has  
not been learned. The loss in each in-  
stance was partly covered by insurance.  
The prompt and effective work on the  
part of the department probably  
prevented the further spread of the fire,  
and Chief Posey and his corps of as-  
sistants are to be congratulated on their  
good work.

### CONGRESS IS URGED TO ACT

Five Provisions Requested in Aid of Disabled Veterans, Amending Vocational Training Law.

Amendments of the law under which disabled veterans of the World War are given vocational training, so as to provide five things demanded by the last Congress of the American Legion at its annual convention in Congress by Legion representatives.

The five provisions requested by the Legion are:

1. Vocational training for American citizens who served with the allied armies, who were disabled and who are not entitled to training under the present law.

2. Training with pay for all disabled veterans with 10 per cent or more disability. Instead of training with pay for some and training without pay for others, as now provided.

3. Vocational training for the widows and orphans of all men who died in the service.

4. The right of the federal board for vocational education to give all disabled men in training such medical care and treatment as is necessary to keep them at their courses.

5. That all disabled men in training shall receive \$100 a month from the government while in training and those with dependents \$120 a month, instead of different sums based upon the cost of living in different localities as now provided.

A special plea was made by John Thomas Taylor of the national legislative committee of the Legion for vocational training for the widows and orphans of the American dead of the World War. He said that undoubtedly the 50,000 American children whose fathers died in Flanders fields were entitled to the same educational advantages that they would have had were their fathers alive and able to provide for them. The widows of the men who died in France, he added, were likewise entitled, the broad-swinging member of the family having been killed in defense of the country, to be taught some kind of work of trade.

### EDITOR WAS ON FIRING LINE

Commander of Missouri Department of Legion One of Many Newspapers Men Who Heard Call.

John Francis Williams, commander of the Missouri department of the Legion, is one of thousands of newspaper men who left their typewriters when the war broke out. Enlisting as a private in the Missouri National Guard, Mr. Williams rose to the rank of first lieutenant.

In the A. E. F., he served as a machine gun officer with the Thirty-fifth division in the Vosges mountains and in the Argonne-Meuse drive. After the armistice, he served as instructor in the A. E. F. university at Beaune and later assisted in publicity in connection with the interallied games.

Mr. Williams, who is a member of Robert S. Therman post 13, Joplin, Mo., served as post commander and state master-at-arms previously to his election as department head. He is editor of the Joplin News Herald.

### ORGANIZATION IS HIS TASK

Spokane (Wash.) Man Will Supervise Work of Enrolling Every Former Service Budee.

Edward H. Prell of Spokane, Wash., was recently appointed director of the organization division at national headquarters of the American Legion. He succeeds Russell G. Creston, who is now assistant national adjutant.

Mr. Prell served overseas with the One Hundred and Forty-sixth field artillery and participated in two major offensives of the World War. After his discharge from the army, Mr. Prell was active in the early organization of the Legion in his state. The supervision and direction of the Legion's 1921 campaign to enroll every eligible former service man in its ranks will be in the hands of the new director.

### No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

### MINERAL MIXTURE FOR HOGS

Some Farmers Prepare Corn Cobs, Bone and Limestone—Another Good Preparation.

Some farmers prepare mineral mixtures for their hogs by using burnt corn cobs, burnt bone and ground limestone, which is all right, but frequently it is overlooked. A good homemade mineral mixture for hogs is as follows: Three bushels charcoal, two quarts air-slaked lime, eight pounds salt and one bushel wood ashes.

Strictly home cooking at Frost's.

## POULTRY

### CARING FOR BREEDING DUCKS

If Not Kept for Production of Market Eggs Fowls Should Be Given Grass Range.

Breeding ducks if not kept for the production of market eggs should have a grass range. If possible, after the hatching season is over and be fed sparingly on a mash of 1 part, by weight, corn meal, 2 parts bran, 1 part low-grade wheat flour, 1 part green feed, 5 per cent beef scrap and 3 per cent grit given once or twice daily, with one feed of mixed grain; or the mash may be made of 3 parts, by measure, corn meal, 4 parts bran, 2 parts low-grade wheat flour, three-fourths part beef scrap and 2 parts of green feed, with a small amount of grit and shell or mineral matter.

Feed Pekin ducks for eggs beginning about December 1, on 1 pound of corn meal, 1 pound of low-grade flour

Pekin Ducks About Seven Weeks Old in Fattening Pen.

or middlings, 1 pound of bran, 15 per cent of leaf scrap, 15 per cent of vegetables or green feed, and some grit, feeding this mash twice daily, in the morning and at night; also giving 1 quart of mixed corn and wheat to every 30 ducks at noon when they are laying heavily. These laying rations should be fed throughout the year to Indian Runners or to any breed of ducks kept principally for the production of market eggs, poultry specialists of agriculture say. If the Indian Runner ducks are not laying, they should be fed sparingly. All rations are by weight unless otherwise stated. Thirty laying ducks (Pekins) will eat about 10 quarts of moist mash at each meal.

### FEEDING FOWLS FOR PROFIT

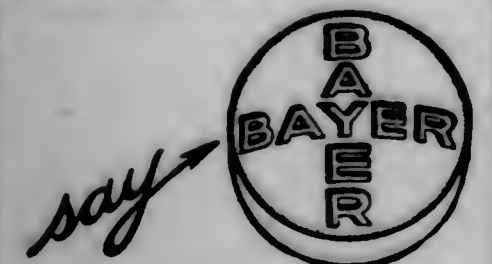

Early Hatched Chick Will Reach Laying Maturity Before Commencement of Cold Season.

The first rule for getting a good profit from poultry is to get the chicks hatched early, and the next is to keep them growing so that they will reach laying maturity before the commencement of cold weather. There is no profit in keeping a chicken just alive, whether it is intended for laying stock or for the market. One reason why more care should be exercised in feeding fowls is that the chicks know less about what is good for them than do the fowls. The healthy chick is a hungry thing and will eat what is given it; the digestive organs being weak are less able to dispose of objectionable feed than are those of older fowls.

Young chicks should be fed a little at a time and often, poultry specialists in United States department of agriculture say. They should be fed early in the morning and just before going to bed at night, and not less than three times in the intervening period. For the first two weeks they may be fed three meals of soft feed and two of hard, and after that one two of soft and three of hard, less soft feed being fed as they grow older. No more moistened soft feed should be given at one time than they will eat up clean.

## ASPIRIN

Name "Bayer" on Genuine

Warning! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headaches, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Mannesmann-Aspirin of Salicylicacid.

If its good to eat we have it. The very best of service at Frost's.

## Tired

"I was weak and run-down," relates Mrs. Eula Burnett, of Dalton, Ga. "I was thin and just felt tired, all the time. I didn't rest well. I wasn't over hungry. I knew, by this, I needed a tonic, and as there is none better than—"

## CARDUI The Woman's Tonic

Thousands of other women have found Cardui just as Mrs. Burnett did. It should help you.

## After Thorough Trial a Detroit, Mich., Man Endorses Pe-ru-na

The following letter written from Detroit, Michigan is no snap judgment expressed on the merits of Pe-ru-na, the well-known catarrh remedy, but rather a mature, sober opinion formed after a full year's trial.

This is the way Mr. Michael Fako of 908 East Palmer Avenue, in the Michigan Metropolitan, writes: "After using PE-RU-NA for about one year will say I have found it a very good medicine for catarrh. It has helped me a great deal and I am very well satisfied. I have gained in weight, eat and sleep well, my bowels are regular and better color in my face."

"PE-RU-NA has done wonders and to me is worth its weight in gold. I shall continue to use PE-RU-NA as long as I live and recommend to my friends who are troubled with catarrh."

Nothing can be more convincing than an endorsement of this nature from an actual user. There are many people in every community whose experience, in using Pe-ru-na, has been identical with Mr. Fako's. It is the standby for coughs, colds, catarrh, stomach and bowel disorders and all catarrhal conditions. Put up in both tablet and liquid form. SOLD EVERYWHERE.

Miss Hazel Luten will be in Bowling Green next week, attending a meeting of County Superintendents and also helping to arrange for a summer extension school at Fulton.
